Dear Parents/Guardians,

We will be using an organizational system for papers, handouts, assignments, and assessments that students can access at all times: the Extra Papers Bin.

If your student is absent or needs to redo an assignment, they will be able to access the necessary papers/assignments via the Extra Papers Bin. All papers/assignments will be filed on the day they were handed out. Students can check the gradebook for dates, touch base with a peer, or ask the teacher in order to locate the proper folder and find the needed paper.

Please take a look at your student's Interactive Student Notebook for additional details, and don't hesitate to reach out if you have any questions. For your convenience, I have also pasted a copy of the Extra Papers Bin guidelines below.

Thank you for your support!
